

Talk on Sustainable Cities and Communities

October 4, 2023

Learning Objectives:

- To make the students aware of the importance of sustainable development
- To help them understand the need to ensure access to safe and affordable housing, public transportation and public green spaces
- To develop an understanding as to why the cities should be resilient to natural disasters and protect those in vulnerable situations while minimising economic loss

Learning Outcomes:

At the end of the session, the students will be able to:

- Understand the importance of sustainable development
- Realise the need to have sustainable cities and communities
- Strike a balance between economic development, environmental protection, and social well-being
- Identify major sustainability challenges
- Find solutions to the major challenges
