

**DEPARTMENT OF SOCIOLOGY**

<b>Semester</b>	<b>Course Name</b>	<b>Course Code</b>	<b>Course Objective</b>	<b>Course Outcome</b>
1	Introduction to Sociology	CC/GE-1	To introduce the subject and provide a broad overview of Sociology to the students.	Students were familiarized about Sociology as a new discipline through comparison between Sociology and other disciplines, and various fundamental concepts applied within this discipline.
2	Sociology of India	CC/GE-2	To develop an understanding of the social structure of Indian society among the students.	Students developed an understanding of India as a plural society and its challenges through the various social institutions and practices operating in India.
3	Sociological Theories	CC/GE-3	To introduce the major sociological theories from the formative years of the discipline to the students.	Students understood the socio-historical roots of Sociology as a new discipline through the contributions of Marx, Durkheim and Weber.

4	Methods of Sociological Enquiry	CC/GE-4	To develop an understanding of how to conduct a sociological research and identify the significance and implications of research questions among the students.	Students developed knowledge about the various methodological perspectives, and also learnt to identify different methods of data collection for doing social research and to differentiate between qualitative and quantitative research.
