

Bal Shiksha Sadan Teaching Program

The Bal Shiksha Sadan Teaching Program has been initiated as part of Loreto College's community engagement efforts. Conducted in collaboration with the B.Ed. students of the college, the program involves weekly two-hour sessions with young children from the local community.

Through this initiative, student-teachers provide foundational education alongside essential life skills. The sessions focus on developing good manners, spoken English, and creativity through art and craft activities. The aim is to foster holistic growth and confidence among the children while enhancing the teaching and interpersonal skills of the B.Ed students.

Loreto College plays an active role in supporting the program by providing necessary facilities and learning materials such as books, notebooks, pencils, erasers, and other stationery items.

This initiative not only addresses the educational needs of underprivileged children but also strengthens the college's commitment to service learning and social responsibility through meaningful community involvement.
