

## Report of Training Session on Drillbit

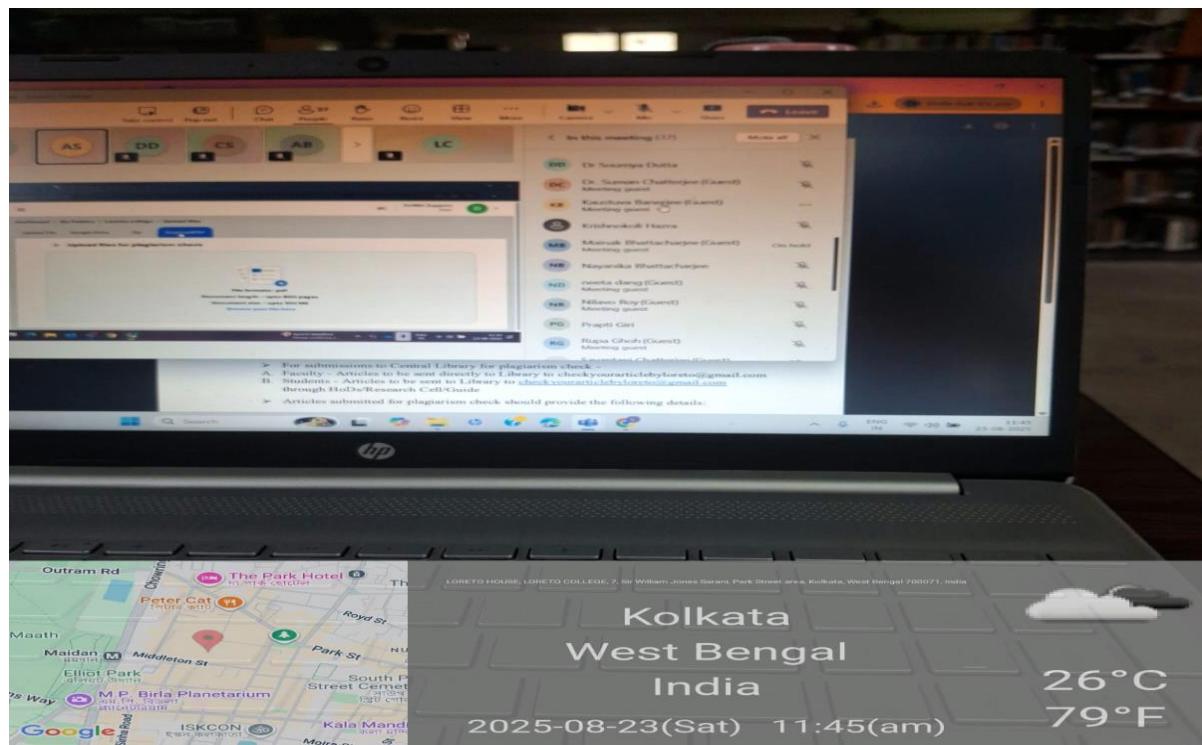

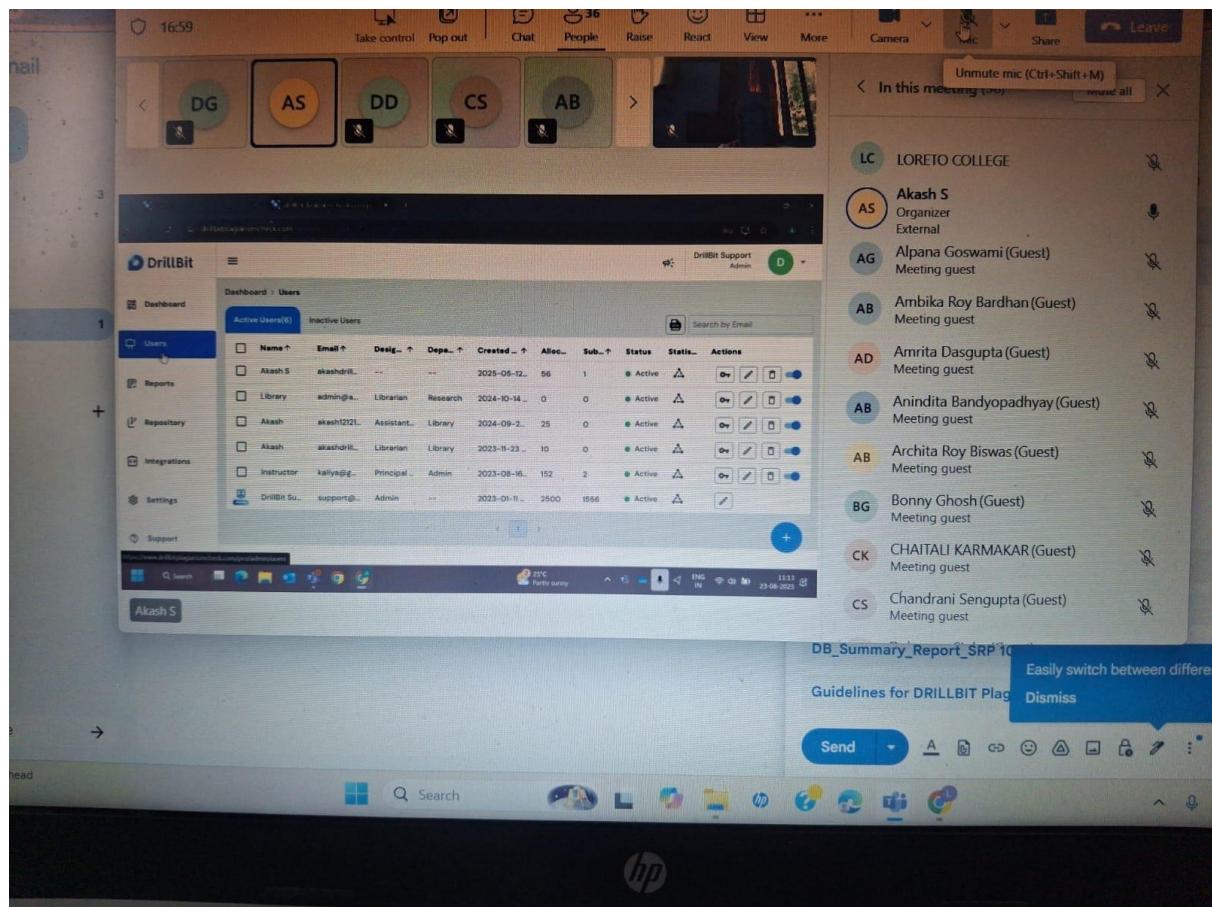

On August 23, 2025, a training session was organised by the Central Library and the Library Committee of Loreto College in collaboration with Drillbit SoftTech India Pvt. Ltd. on **DrillBit Plagiarism Detection Tool software**. This software is used as a plagiarism detection and academic integrity tool by more than 1100 institutions all over India as part of Shodhsuddhi programme under INFLIBNET Centre and also empanelled with AICTE NEAT 3.0. Mr. Aakash from Drillbit SoftTech India Pvt. Ltd seamlessly guided all faculty members through different modalities of the software for making best use of it. The basic focus of this training was to make participants understand about the functionalities and their use of DrillBit in academic research settings. The target audience was the faculty members who are actively involved in academic research process.

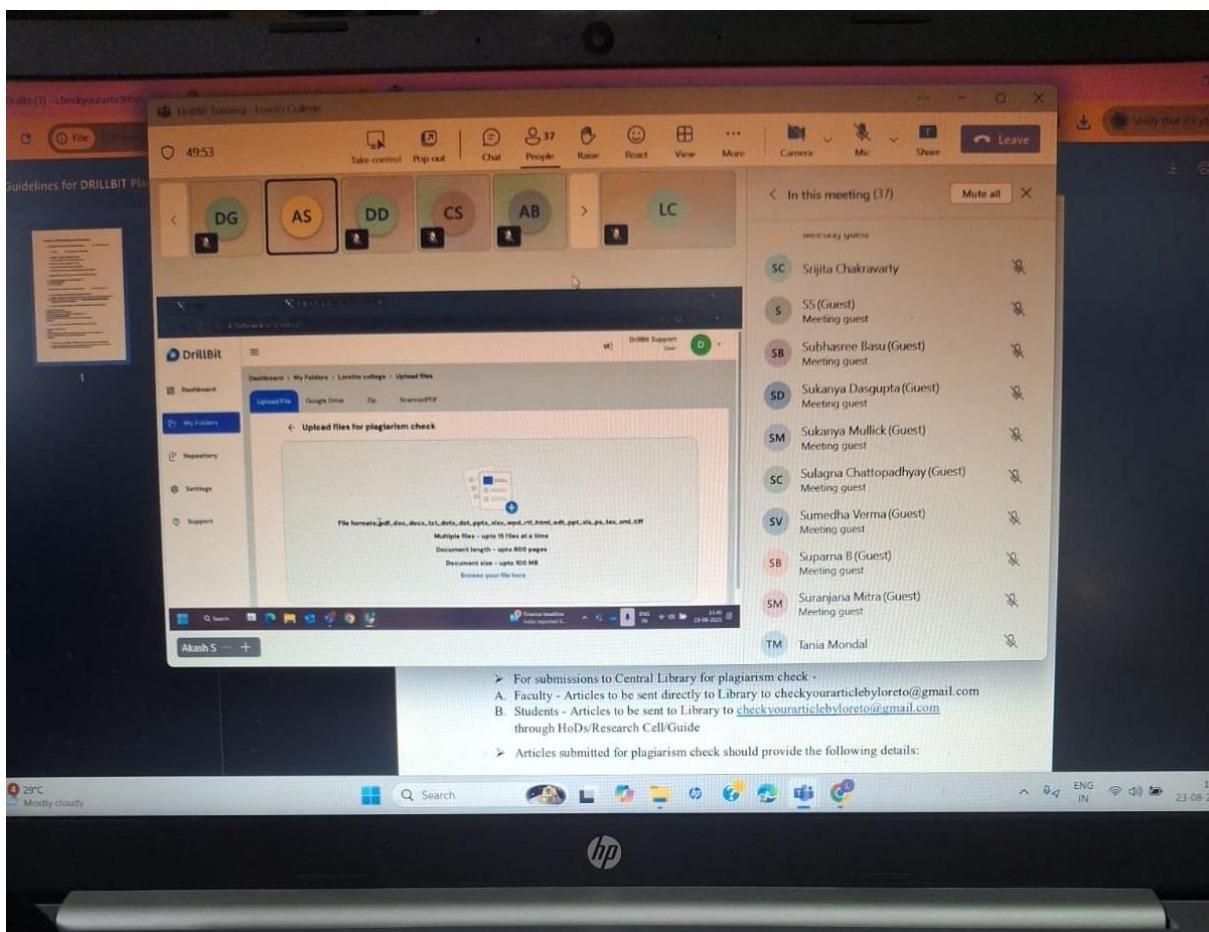

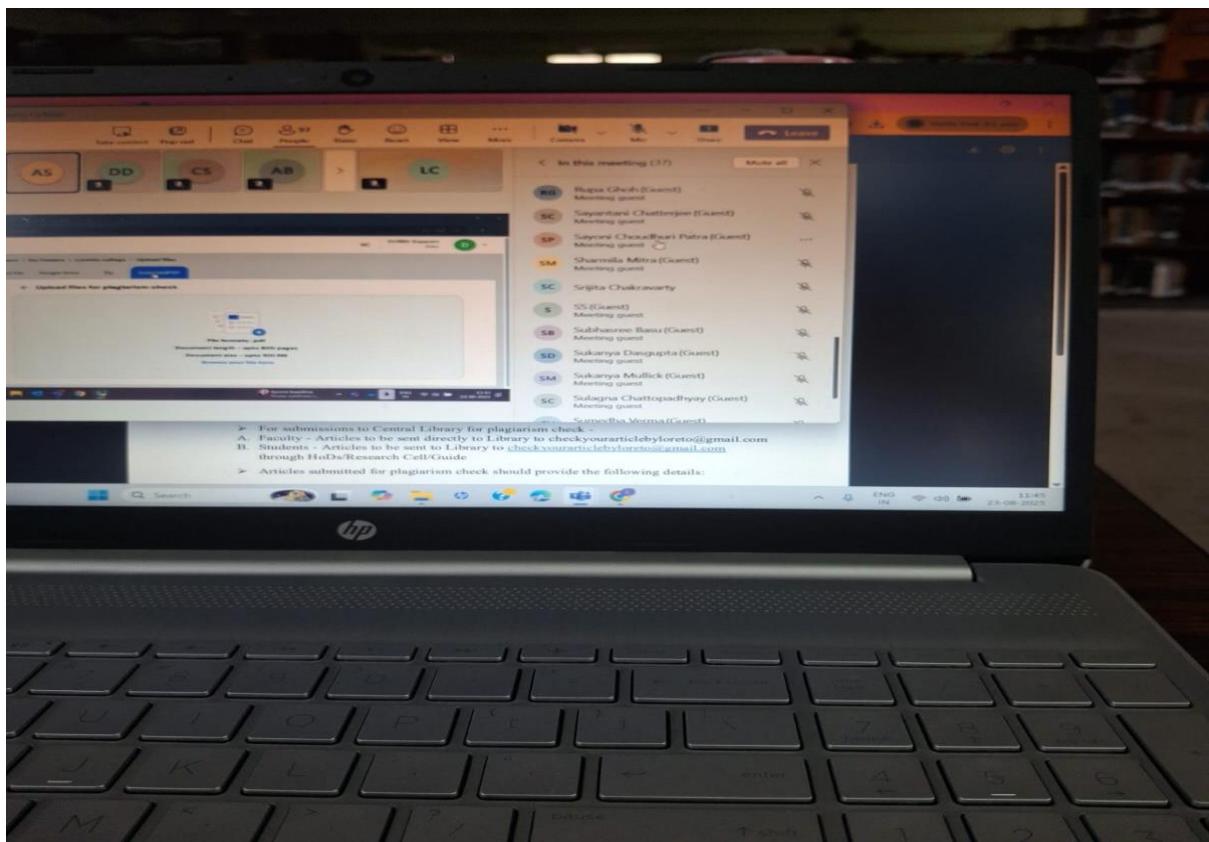

Learning objectives:

1. To know about the basic features of Plagiarism software and their operation process to check similarity detection and AI detection process as well as grammar of content.

Learning outcomes:

1. The process of setup and customise of software according to needs of the institutions.
2. The participants got an idea about that how to exclude common words and phrase to reduce the percentage of similarity within documents.
3. The process of report generation to check the similarities.
4. The participants can identify the fake content.
5. It helps to build academic integrity and maintain research ethics.
