

**CBCS**  
**ABILITY ENHANCEMENT COMPULSORY COURSE-2 (AECC-2) IN**  
**ENVIRONMENTAL STUDIES**

**Programme Outcomes**

1. Perception of the value of particularly the natural environment and maintaining its quality.
2. Realization of one's personal role in conservation of the micro, local and global environment as a responsible citizen of the country and the world.
3. Ability to work towards a consensus in framing environmental policies or initiating an awareness/conservation movement.
4. Commitment towards ethical and sustainable use of the Earth at the individual's level.

**Programme Specific Outcomes**

1. An understanding of the multidisciplinary nature of Environmental Studies and its close relationship with Ecology specifically.
2. Appreciation of the need to conserve biodiversity and sustainably use the Earth's limited yet life-sustaining resources.
3. Gain experience in documenting environmental assets, identifying common plants and animals, studying polluted sites and fragile ecosystems; through field-based studies.
4. Awareness about the efforts at the national and international level to protect the environment.

The course outcomes are presented below. After completion of the course the student will be able to:

Course Code	Course Title	Credits	Course Outcomes
Ability Enhancement Compulsory Course-2 (AECC-2)	Environmental Studies	2	<ul style="list-style-type: none"><li>• Understand the fundamental concepts of Environmental Studies, as well as the components of her/his environment.</li><li>• Appreciate the role and importance of ecosystems, natural resources and biodiversity.</li><li>• Discern different types of environmental pollution, their causes and suggest remedial measures.</li><li>• Have awareness about key environmental issues such as global climate change; environment movements, international agreements, as well as the existing environmental laws and policies in India.</li><li>• Clearly comprehend man-environment interactions and the consequences of the human use of the Earth.</li></ul>
