

## Department of Economics Pollution Prevention Day

Date: 2<sup>nd</sup> December 2024

Venue: College Auditorium

Learning objectives:

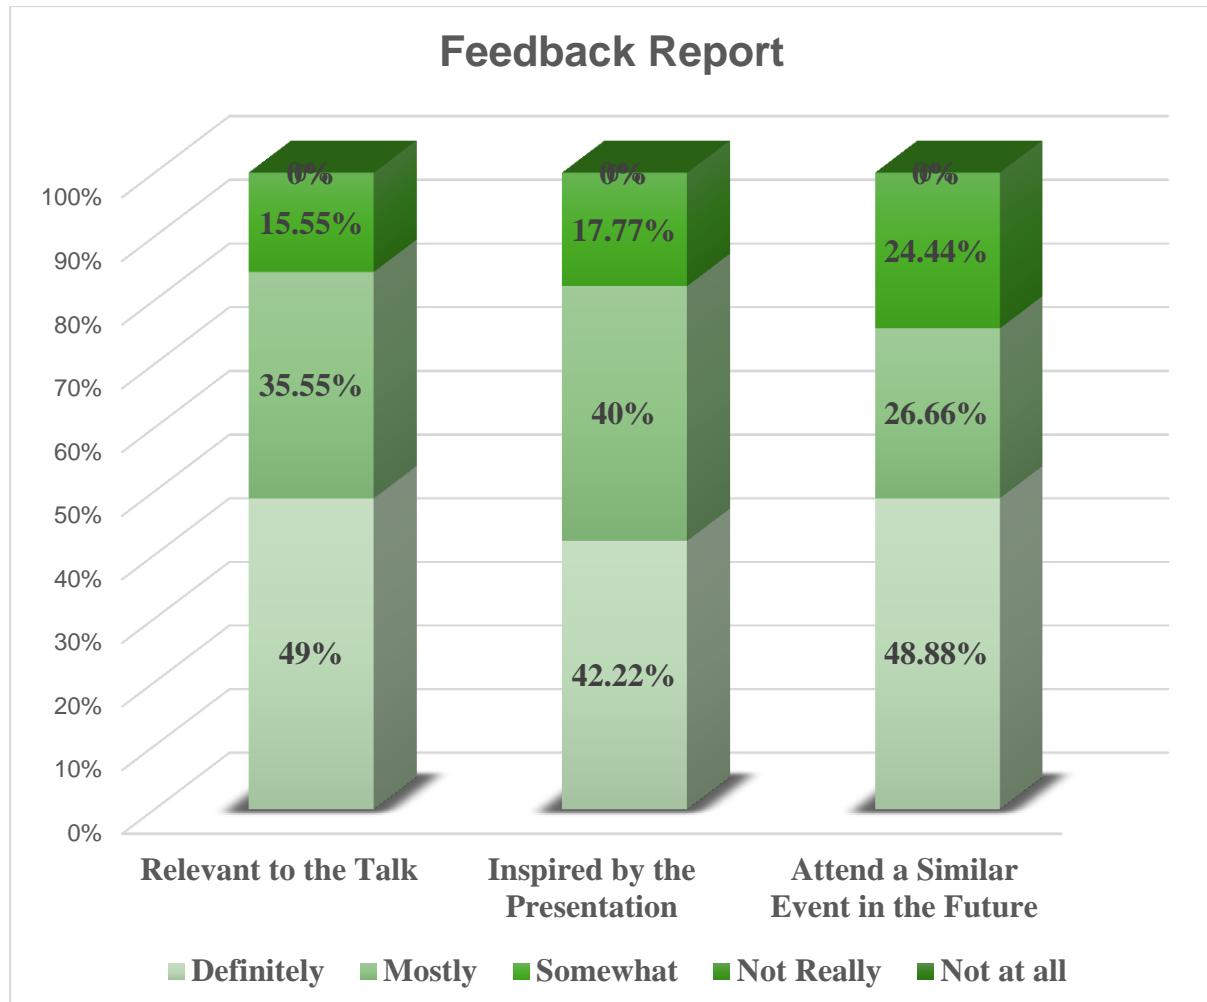

1. To enable the students gain an in-depth understanding of frameworks governing carbon markets and how they shape corporate compliance and impact environmental stewardship.
2. To motivate students in assessment of economic opportunities and risks associated with carbon market participation and its potential contribution to sustainability goals.

Learning outcomes:

1. Comprehensive understanding of carbon market mechanisms and their integration into ESG strategies.
2. Develop ability to evaluate the social and ethical implications of carbon trading.

## Feedback Report:

**Total number of participants: 45**  
**Total number of respondents: 45**

**Department of Economics**
