DIALEGO 2022

Annual Students' Meet and State-Level Seminar

The Department of Political Science organized Dialego 2022, the Annual Students' Meet and State-Level Seminar. The central theme for Dialego 2022 was "*The Geopolitics of the Indo-Pacific: Key Players in the Region.*" An inter-departmental paper presentation and an inter-departmental policy brief writing competition were organized based on the same theme.

The event began with a keynote address by Professor Kingshuk Chatterjee, which was followed by a panel discussion led by Dr. Ishani Naskar. The academic session was followed by the inter-departmental paper presentation involving six teams, each consisting of two members. The awards for Best Speaker and Best Team were secured by Anindita Chatterjee and Meghna Bhattacharya from the Department of Political Science (1st year).

The event concluded with a formal vote of thanks. Dialego 2022 was successful in celebrating student scholarship.

Dialego continues to be the flagship event of the Department of Political Science, Loreto College, reflecting the institution's emphasis on academic excellence, democratic participation, and social relevance.
